ARTICLE 33 - PARTICIPATION AGREEMENT

33.01 In consideration of the establishment and administration by the Trustees of a Welfare and Pension Plan providing benefits for employees in the carpentry industry in the Province of Nova Scotia and the extension of such Plan to cover employees of the employer, the employer covenants and agrees with the Trustees as follows:

- (1) To make contributions to the said Plan in accordance with the provisions of the Collective Agreement in force from time to time between the Nova Scotia Construction Labour Relations Association Limited on behalf of its contracting members and other employers bound by this Collective Agreement and Local Union 83 United Brotherhood of Carpenters and Joiners of America.
- (2) To file monthly reports as required by the Trustees whether or not contributions are due and payable by the employer.

- (4) To pay interest of ten percent (10%) per month on all overdue contributions provided the employer is given five (5) days after notice to correct such delinquency and, where required, to post a cash bond of up to two thousand five hundred dollars (\$2,500.00) on request of the Trustees after delinquency of more than thirty (30) days and such bond to be held until the delinquency has been corrected.

ARTICLE 34 - BENEFIT BOND

- 34.01 Before members of Local 83 are dispatched, to any employer who has not been a party to the Carpenters Collective Agreement for a minimum of twelve (12) months, such employer shall provide security for a period of one (1) year in the amount of five thousand dollars (\$5,000.00). This five thousand dollar (\$5,000.00) security shall be used by the Union in the event of a default of payment by the said employer of Welfare and/or Pension, Training, Safety and Industry Improvement Fund contributions as set forth in the aforesaid Collective Agreement. The five thousand dollar (\$5,000.00) security shall be returned by the Union to the employer after thirty (30) days from the expiry of the one (1) year period that the security was provided by the employer including accumulated interest where the employer has not defaulted in any payments required for the Welfare, Pension, Training, Safety and Industry Improvement Fund referred to herein, within the one (1) year period.
- 34.01A The J.C.C. has the discretion to require the satisfaction of the bond by a payment schedule of not less than five hundred dollars (\$500.00) per month payable in advance until the amount as determined by the J.C.C. (between a minimum of five thousand dollars (\$5,000.00) and a maximum of twenty thousand dollars (\$20,000.00) is received in full. When a payment schedule is instituted for a company, the monthly payment may be varied upwards as the Carpentry workforce increases, until the full sum required is lodged with the Union. The discretion to grant a payment schedule, and/or to vary such schedule, lies absolutely in the decision of the J.C.C. and is final and inarbitrable.
- 34.02 The minimum amount of the Benefit Bond of five thousand dollars (\$5,000.00) shall, in particular cases, be increased upon the recommendation of a majority of the members of the Joint Conference Committee under Article 36. The maximum amount of the Benefit Bond in any case decided by the Joint Conference Committee shall be twenty thousand dollars (\$20,000.00).
- 34.03 During the one (1) year term, when the employer is in default of any of the Welfare, Pension, Training, Safety and Industry Improvement Fund payments, the Union shall have the right to cash the security in default of such payments by employers as provided by this Collective Agreement.

ARTICLE 35 - PRODUCTIVITY CLAUSE

- 35.01 It is agreed that one of the fundamental strengths of the unionized sector in the construction industry is the high level of productivity, competency and qualifications of the unionized tradesman. In order to maintain and promote this productivity on the construction site, the following provisions shall apply:
- (a) After hiring an employee from the Hall, an employer, without prejudice shall be entitled to terminate the employee's employment and refer him back to the Union. Prior to the employers' intention of termination and referral back to the Union of an employee, the employer agrees to discuss the matter with the employee and Job Steward. If satisfactory improvement is not shown, the employee shall be referred back to the Union. If after a reasonable period on site (normally two (2) to five (5) working days), the employer has determined that the employee's productivity is unsatisfactory. Where an employee is so referred back to the Union, the employee, and the Union and the CLRA shall be given written notification of the reason for the termination of employment.
 - (b) If an employee is referred back to the Union for unsatisfactory productivity by three (3) separate employers, then the Union will ensure that the employee is given the earliest opportunity to participate in appropriate retraining or upgrading.
- 35.02 In assessing whether an employee's productivity is satisfactory, the employer acknowledges that work procedures may vary from company to company and from job site to job site, and that an employee must be given a fair opportunity to adjust to the prevailing work procedures before any final determination can be made.
- 35.03 The purpose of this clause is to reinforce the concept of a productive, competent and qualified work force in Carpentry within the Construction Industry. This Article shall not be interpreted and applied so as to allow piecework in the Construction Industry.

ARTICLE 36 - JOINT CONFERENCE COMMITTEE

36.01 A Joint Conference Committee (J.C.C.) shall be established by the Parties within thirty (30) days of signing this Agreement. The J.C.C. shall have equal representatives to a maximum of four (4) from each Party, employers and Union. For voting purposes a quorum shall consist of an equal number of representatives from each Party to the Agreement. The mandate of the J.C.C. will be to identify areas where the Mainland Carpenters Collective Agreement may be amended to improve the competitiveness of the unionized sector of the trade and to recommend appropriate amendments to the Mainland Carpenters Collective Agreement. In addition the J.C.C. shall, in particular cases, be authorized to increase the minimum amount of Benefit Bond under Article 34 of five thousand dollars (\$5,000.00) to an amount not exceeding twenty thousand dollars (\$20,000.00). Such recommendation shall be upon agreement of a majority of the members of the J.C.C.

36.02 The Union, through its representatives on the J.C.C. may agree to implement terms, conditions and work procedures that are a more competitive response to deal with the market conditions on either a job-by-job basis or specific type or types of construction.

All competitive improvements implemented under this clause shall be governed by the Job Targeting Rules and Procedures, which shall be devised and approved by the J.C.C., the Union and the CLRA and are attached herewith as Schedule "T" of this Agreement.

**ARTICLE 37 - EMPLOYMENT OUTSIDE THE
COLLECTIVE AGREEMENT**

37.01 All Union members must notify their respective Union representative within twenty-four (24) hours by fax, mail, telephone or in person when a Union member procures employment with a non-Union contractor or creates self-employment on their own accord. Failure to give notice as required by this Article may prohibit Union employers from employing such Union members unless the unionized employer is authorized by the Local Union.

ARTICLE 38 - TERM OF AGREEMENT

38.01 The terms of agreement shall remain in force for Carpenters Local 83 from May 23, 2018, to April 30, 2021. Should either Party wish to change, add to or amend the above Agreement upon expiration, they shall give at least sixty (60) days notice in writing prior to the expiration of this Agreement with the proposed changes attached. Provided no such notice is given by either Party sixty (60) days prior to April 30th, 2021, this Agreement shall remain in force from year to year until such notice is given as provided herein. When such notice is given, the Parties shall meet within thirty (30) days for the purpose of negotiating a new Collective Agreement.

38.02 Any and all letters of intent signed by both Parties shall become part of this Agreement.

CRAFT SCHEDULE “T” – CARPENTERS LOCAL 83 JOB TARGETING RULES & PROCEDURES

The application and interpretation of these Job Targeting Rules and Procedures shall be at the sole discretion of the Joint Conference Committee (J.C.C.). The Carpenters Local 83 is the “Union” under these rules and procedures. All time limits under these rules and procedures are excluding Saturdays, Sundays, and Holidays.

1. Contractors or sub-contractors who wish to request targeted rates and conditions on a specific project shall make direct application in writing under these job targeting rules and procedures a minimum of forty-eight (48) hours prior to the tender closing to the Nova Scotia Construction Labour Relations Association (CLRA) on the attached application form, and such request shall be forwarded to the Union. If no target requests have been submitted before this deadline the Union may, in its sole discretion, waive the above time limit of forty-eight (48) hours.
2. The Union shall consider all target requests, and twenty-four (24) hours prior to the tender closing shall send to the CLRA by facsimile (Fax #902-468-3705) a single response listing all targeted rates and conditions applicable for each and any aspect of Union work on the specific project. The CLRA shall then forward this response to every contractor who submitted a target request.
3. A contractor must submit a target request a minimum of forty-eight (48) hours prior to the tender closing to be eligible to apply the granted target response (or, in the case where no target requests have been received before that deadline, a minimum of twenty-four (24) hours prior to the tender closing). However, any contractor may receive a copy of the granted target response for a specific project on demand.
4. Upon the request of the Union the contractors who are bidding jobs under this program shall supply the bid price of their bid and other information on the targeted jobs to the Union after the job has been awarded.
5. The applicant contractor shall provide a record of projected employee work hours worked on all targeted jobs to the Union as a means of gathering data regarding the success or failure of this program in maintaining and increasing the unionized sector’s share of work.
