Dear Mr. Forsyth and Mr. Mombourquette:

Re: UA, Local 244 / Construction Management Bureau Ltd. – Interest Arbitration

This is further to the hearings convened on November 29, 2004 by the Interest Arbitration Board to address a request for clarification received from the Construction Management Bureau Ltd.

As you are aware, the Construction Industry Conciliation Board constituted to deal with issues between the Parties issued a Decision on July 28, 2003 along with a further clarification dated March 16, 2004.

We wish to confirm to the Parties the position of the Board. The proper interpretation and application of the language of the new Collective Agreement between the UA Local 244 and the Construction Management Bureau must reflect the interpretation, application and the past practice with respect to the language in the Collective Agreement between the Bureau and UA Local 56.

The Board takes the position, more specifically, that this is the proper approach in interpreting and applying the language of Article 24 which deals with Hiring Rights.

The Bureau had also requested that the Board consider its findings with respect to other matters. These included the language pertaining to "Jobs Being Awarded", the meaning of Article 21 dealing with Union representation on the Finance Committee, and the language of Article 18 dealing with Travelling.

As the Board has indicated to the Parties, we are not prepared to reopen the original Decision to amend our findings on these matters. To do so could well result in all other issues between the Parties being reopened for additional consideration and amendment.

To that end, the Board is of the view it is "functus" regarding the terms of its Award. We, therefore, do not have the jurisdiction to make additional alterations to that Decision.

The Bureau has also requested for appropriate amendments to be made to Article 17 and the Schedules Pertaining to Apprentices Rates. Those provisions were drafted on the basis of the Board having been provided with an outdated version of the UA Local 56 Agreement. As a result, we are prepared to confirm that the appropriate language to be found in the new UA Local 244 Agreement would be language consistent with the UA Local 56 Agreement. We understand this is being addressed directly by the Parties.

I wish to confirm that the contents of this clarification correspondence have been reviewed and approved by my fellow Board members. Both Mr. Schel and Mr. Murphy concur with the positions set forth herein.

Thank you for your continuing assistance.

Yours faithfully,
North Arbitration & Mediation Services Inc.
